

Discover How The Countryside Works

with

DISCOVER
FARMING

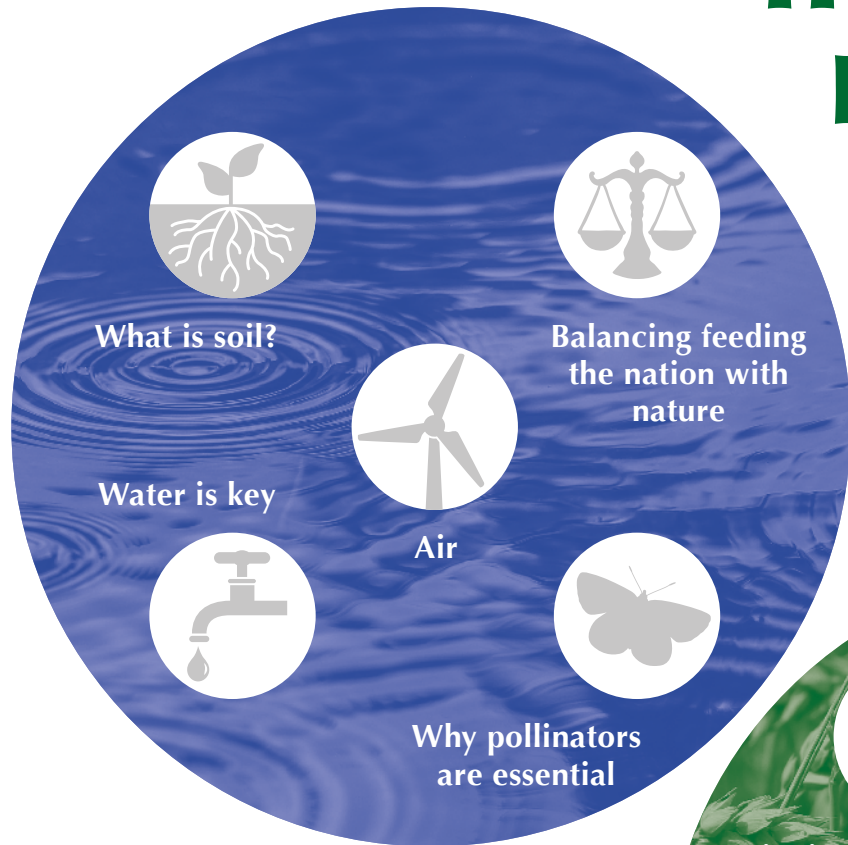

We aim to inspire the next generation to pursue a career in agriculture and the countryside, understand the importance of healthy soil for farming and learn from where their food comes.

- We demonstrate how nutritious food is the basis of good health now and in the future
- We encourage young people to appreciate the importance of green spaces for their health and wellbeing
- We promote an understanding of the balance and harmony needed between a healthy countryside and sustainable modern farming.

HOW TO GET INVOLVED

PROCESS

PRODUCTS

What do we do?

1. Primary Schools: we provide our own on-farm classroom with our qualified teacher.
2. Secondary Schools: we support students by attending Careers Days to provide inspiration and advice.
3. Give Scholarships and Bursaries
 - a. to enable young people to gain further education in land-based studies
 - b. to support travel enabling international experience.
4. Colleges: assist in planning and provision especially apprenticeships.
5. The wider reach:
 - a. At our one-day Agricultural show, we provide two marquees full of hands-on experiences
 - b. Organise an 'Open Farm Sunday' event for anyone to have a free day out looking at soils, crops, and animals.

**DISCOVER
FARMING**

Discover Farming is the educational programme of the Melplash Agricultural Society, registered charity no. 1130201. The Society supports and promotes farmers and food producers in West Dorset. Its flagship event, the annual Melplash Show, celebrates local farming and raises funds for agricultural education in the area: www.melplashshow.co.uk
